Attachment I Business Report

I. Business Report

I. Introduction

Time does not wait for anyone. In 2024, the global economy faces twists and turns, with geopolitical issues and inflation interwoven, hindering company operations. Among the external factors affecting our company, one is the decline in real purchasing power in major export markets like Japan and South Korea due to currency depreciation, leading to a contraction in the overall home appliance consumption market. Another factor is the domestic market in mainland China, which is significantly impacted by a lack of confidence, conservative consumer behavior, and intense competition. These have introduced many unfavorable variables for our company's operations in 2024. Despite the management team's diligent efforts to do everything possible, the overall operational situation remains difficult to satisfy.

In response, our company is reviewing its operational performance for 2024, including optimizing product lines in the Chinese market, diversifying and integrating online channel routes, rationally allocating manufacturing bases, consistently implementing cost reduction and efficiency improvement measures, and expanding new customers and products for export. The company's long-term goal is to create a sustainable business value by leveraging core small home appliance products as a competitive moat, enhancing product differentiation and functional dimensions, and building a wide-ranging brand continuity.

The following is a report on our company's operational overview for 2024 and future outlook for 2025: Our company is the ultimate parent company of the group after being publicly listed, primarily responsible for investment and holding. Our manufacturing bases are located in Shenzhen, Guangdong Province, and Jiujiang, Jiangxi Province, in mainland China. For 2024, the consolidated revenue is projected to be NT\$8.13 billion, with a consolidated net loss after tax of NT\$159 million, and a loss per share of NT\$1.05. Looking ahead to 2025, although the overall economic and operational environment remains severe, amidst this low point, there seems to be a glimmer of hope as inventory levels among export customers decrease and economic stimulus measures in mainland China are progressively introduced. Our company is actively addressing the quantitative trends of the consumer market, adhering to a core rhythm of prudent operations, continuously deepening the operational management of our subsidiaries and overall synergistic effectiveness, consolidating and expanding quality customer partnerships, enhancing full-process value-added services, and building sustainable ESG

corporate goals.

Regarding the company's future development, we firmly believe that leveraging the massive consumer market in mainland China, along with the robust industrial productivity supported by the resilient supply chain in mainland China, will maintain a favorable competitive edge for our exports. In other words, amidst the interplay of favorable and adverse conditions, our company continuously strives for excellence and recognition in market presence, product quality, and customer service. On this basis, we expect to reverse the current decline in sales and stabilize into good growth. Specifically, the market is experiencing multi-polar and multi-modal changes and competition...The company and all subsidiaries within the group will continue to adapt to market changes, focusing on deepening existing customer relationships and expanding the breadth of customer cooperation, while increasing efforts to develop high-quality new customers. Since our listing, the management team and all employees have adhered to the cornerstone of honest operations, pursuing the development of our core business to provide quality products that meet market demands in the small appliance industry, aiming to create a win-win situation for all shareholders and company employees, in return for the expectations of our shareholders. As the long night comes to an end and dawn breaks, we believe that with the continuous implementation of various strategic improvement objectives in our operations, we will gradually generate beneficial returns in the future, sincerely appreciating the long-term support from all our shareholders.

In general, we expect the sales volume and amount of the small home appliance industry to stabilize and experience moderate growth compared to 2024

.

(III) Significant Sales and Production Policies

1. Export

- Sales of products in the Japan-Korea and Europe-America markets have maintained steady growth over two seasons, actively developing clients from different industries, assisting clients in product development, and continuously cultivating the Southeast Asian market.
- Focus on key customers while keeping the technical team engaged, deepening investment in the development and iteration of key representative products, increasing the quantity of product development (enhancing patent layout and licensing to customers) to secure orders and balance market share; on the other hand, emphasize the development and sales of non-seasonal products to eliminate the limitations of sales regions affected by seasonality, achieving the benefit of increased orders.
- Comprehensive enhancement of export business services including customer service platform channel integration, provision of IDM services, multiple sales for one machine, R&D awards and patent sharing, and online sales strategies to improve service quality.

- Strengthen the sales channel foundation of existing export customers, expand international market cooperation channels through more cross-border e-commerce platforms, and continue to promote proprietary brand products on the international stage.

2. China Market

- **Team Integration:** Further integrate the team to improve efficiency, manage more accurately and effectively in alignment with the market, enhance the brand's service capability toward distributor partners and consumers, and empower distributors in the new retail era.
- **Product Precision Focus:** Concentrate on best-selling products, achieve optimal cost, align with market needs, ensure sales efficiency, and enhance the unity of production and sales operations. At the same time, pay close attention to the inventory turnover rate and monetary amounts of distributors and factories, reduce end-of-season inventory for both, and ultimately realize order-based production.
- **Launch of Outdoor Appliances:** Airmate is launching a series of outdoor appliances in response to the trends in the Chinese market, including outdoor camping air conditioners, portable folding fans, multifunctional outdoor mugs, and other products, to match appliance supply with outdoor scenarios and create a more relaxed and comfortable outdoor living experience. We believe the outdoor appliance market will see significant demand and market growth.
- **Marketing Transformation:** Fully embrace mobile internet marketing, leveraging emerging media to interact deeply with young consumers through live broadcasts, short videos, Weibo, public accounts, Xiaohongshu, and other social media, achieving brand rejuvenation, enhancing Airmate's recognition and reputation among various consumer demographics, and increasing brand influence.
- **Healthy Development Across Multiple Platforms:** Develop differentiated product combinations suitable for various online consumer groups and sales models on major platforms such as Taobao Tmall, JD.com, Douyin, Xiaohongshu, and community live streaming to meet diverse consumer needs. At the same time, focus on the

development of other new sales models similar to Pinduoduo, Yunji, and NetEase Select's OEM, establishing vertical production and sales to enhance brand share across the entire network and channels. In addition, engage in new sales models of second-tier e-commerce channels, through emerging niche-focused private traffic channels like short video e-commerce, content e-commerce, and information flow e-commerce, targeting precise consumer markets.

- **Multi-Channel Store Operation Model:** Shift major e-commerce platform stores from a distribution model to a direct operation model. The direct operation mode has gradually become a channel for brands to reach users directly in the past two years, allowing for immediate user feedback and more effective communication to meet user needs, improving the service experience before and after sales, thereby enhancing competitiveness. At the same time, maintain the existing relationships with selected online distributor customers. Increase the market share of products in channels beyond mainstream stores.

Independent Auditors' Report

(25) CSBZ No. 24002425

To Airmate (Cayman) International Co Limited:

Opinion

We have audited the Consolidated Balance Sheets of Airmate (Cayman) International Co Limited and its subsidiaries (hereinafter referred to as "Airmate Group") as of December 31, 2024 and 2023, the Consolidated Statements of Comprehensive Income, Consolidated Statements of Changes in Equity, Consolidated Statements of Cash Flows, and Notes to Consolidated Financial Statements (including Summary of Material Accounting Policies) for the annual period from January 1 to December 31, 2024 and 2023.

In the opinion of the Accountants, the consolidated financial statements are prepared in all material respects in accordance with the Financial Reporting Standards for Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, Interpretations and Interpretations approved and issued by the Financial Supervisory Commission in force, which are sufficient to present the consolidated financial position of the Emmet Group as of December 31, 2024 and 2023, and the consolidated financial performance and consolidated statements of cash flow as of January 1, 2024 and December 31, 2023.

Basis of Audit Opinion

The Certified Public Accountant has carried out the audit in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Generally Accepted Auditing Standards of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. Our firm is independent of the Airmate (Cayman) International Co Limited and Subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China and we have fulfilled our other ethical responsibilities in accordance with these requirements. The Certified Public Accountant believes that sufficient and appropriate evidences for the audit have been obtained as the basis for expressing opinion.

Key Audit Matters

Key audit matters refer to those matters that, in the professional judgment of the Certified Public Accountant, are of the utmost significance for the audit of the 2024 Consolidated Financial Statements of the Airmate Group. These matters have been addressed in the process of our audit on the overall Consolidated Financial Statements, and in forming our opinion thereon. Hence, we will not provide a separate opinion on these matters.

The Key Audit Matters of the 2024 Consolidated Financial Statements of the Airmate Group are as follows:

Impairment assessment of accounts receivable

Description of the Key Audit Matter

For details on the accounting policy for accounts receivable, please refer to Note 4 (9) of the Consolidated Financial Statements. For details on the accounting estimates for impairment losses on accounts receivable and the explanation on the uncertainty of assumptions, please refer to Note 5 of the Consolidated Financial Statements. For details on the information on the credit risk of accounts receivable, please refer to Note 12 (2) of the Consolidated Financial Statements.

The Airmate Group makes provision for expected credit losses in accordance with the established policy on accounts receivable allowance for doubtful debts. The valuation method includes the customer's credit risk and historical credit loss experience and a reasonable estimate of the customer's future economic conditions. Since the aforementioned valuation method involves the subjective judgment of the Management, it has a significant impact on the measurement of expected credit losses from accounts receivable. Therefore, the Certified Public Accountant has included the impairment assessment of accounts receivable as one of the Key Audit Matters for the year.

In response to the auditing procedures:

The main corresponding procedures executed by the Certified Public Accountant on the above-mentioned Key Audit Matter are summarized as follows:

1. Based on the understanding on the operation and sales counterparties of the Airmate Group, assess the reasonableness of the policies and procedures on the provision for losses on accounts receivable, including the identification of individual major customers, the differentiation of similar credit risk groups, and objective evidence in the determination of expected credit losses.
2. Understand the design and the effectiveness of implementation of internal control procedures for the credit management of the Airmate Group and the assessment of expected credit losses during the subsistence period of the creditor's rights.
3. Evaluate the reasonableness of Management's assessment of the amounts of individually recognized material expected credit losses and expected credit losses based on similar credit risk groups.
4. Test the collection of accounts receivable after the execution period for expected credit losses that occur only in response to the time value of currency to assess the reasonableness of expected credit losses.

Assessment of allowance for inventory valuation loss

Description of the Key Audit Matter

For details on the accounting policy for inventory valuation, please refer to Note 4 (13) of the Consolidated Financial Statements; for the accounting estimates for inventory valuation and the explanation of the uncertainty of assumptions, please refer to Note 5 of the Consolidated Financial Statements; and for the explanation of important accounting items for inventory, please refer to Note 6, (5) of the Consolidated Financial Statements.

The Airmate Group measures the value of the inventory by the lower of cost and net realizable value. Due to the large number and type of inventory items in the Airmate Group and the fact that the net realizable value used in the individual recognition of obsolescence or damage and its valuation often involves subjective judgment, hence, there is uncertainty in the estimation. Therefore, the Certified Public Accountant has identified the assessment of allowance for inventory valuation loss as one of the key audit matters for the current year.

In response to the auditing procedures:

The main corresponding procedures executed by the Certified Public Accountant on the above-mentioned Key Audit Matter are summarized as follows:

1. Based on the understanding on the nature of the operations and industry of the Airmate Group, assess the reasonableness of the policies and procedures adopted for the allowance for inventory valuation loss, including the degree of inventory depreciation, the reasonableness of the assessment of obsolete and outdated inventory items, and the consistency of accounting estimation methods.
2. Verify that the information in the statement of inventory valuation loss used by the Airmate Group is consistent with its policy; randomly check the individual inventory item numbers to verify the degree of inventory devaluation, and then evaluate the appropriateness of the Airmate Group's allowance for valuation loss.

The Company may also reserve 10% to 15% of such new shares for subscription by the employees of the Company and its Subsidiaries (the "**Employee Subscription Portion**"). The Company may prohibit such employees from transferring the shares so subscribed within a certain period; provided, however, that such a period cannot be more than two years.
- 2.4 Unless otherwise resolved by the Members in general meeting by Ordinary Resolution, where the Company increases its issued share capital by issuing new shares for cash consideration pursuant to Article 2.3 hereof, after allocation of the Public Offering Portion, including, for the avoidance of doubt, any percentage in excess of 10% of the total amount of the new shares to be issued for offering in the ROC to the public as

resolved by the Members in general meeting be offered pursuant to Article 2.3, and the Employee Subscription Portion pursuant to Article 2.3 hereof, the Company shall make a public announcement and notify each Member that he is entitled to exercise a pre-emptive right to purchase his pro rata portion of the remaining new shares, to be issued in the capital increase for cash consideration. The Company shall state in such announcement and notices to the Members the procedures for exercising such pre-emptive rights. Where an exercise of the pre-emptive right may result in fractional entitlement of a Member, the entitlements (including fractional entitlements) of two or more Members may be combined to jointly subscribe for one or more whole new shares in the name of a single Member, subject to compliance with such directions and terms and conditions as determined by the Board and the Applicable Public Company Rules. If the total number of the new shares to be issued has not been fully subscribed for by the Members within the prescribed period, the Company may consolidate such shares into the public offering tranche or offer any un-subscribed new shares to a specific person or persons in such manner as is consistent with the Applicable Public Company Rules.

If any person who has subscribed the new shares (by exercising the aforesaid pre-emptive right of Members or subscribing the Public Offering Portion or the Employee Subscription Portion) fails to pay when due any amount of the subscription price in relation to such newly-issued shares within the payment period as determined by the Company, the Company shall fix a period of no less than one month and call for payment of the subscription price or the Company may declare a forfeiture of such subscription. No forfeiture of such subscription shall be declared as against any such person unless the amount due thereon shall remain unpaid for such period after such demand has been made. Notwithstanding the provisions of the preceding sentence, forfeiture of the subscription may be declared without the demand process if the payment period for subscription price set by the Company is one month or longer. Upon forfeiture of the subscription, the shares remaining unsubscribed to shall be offered for subscription in such manner as is consistent with the Applicable Public Company Rules.

- 2.5 Subject to the provisions of the Law, the Company may issue new shares with restricted rights ("**Restricted Shares**") to employees of the Company and its Subsidiaries with the sanction of a Supermajority Resolution provided that Article 2.3 hereof shall not apply in respect of the issue of such shares. For so long as the shares are traded on the ESM or listed on the TSE, the terms of issue of Restricted Shares, including but not limited to the number of Restricted Shares so issued, issue price of Restricted Shares and other related matters shall be in accordance with the Applicable Public Company Rules.

- 2.6** The pre-emptive right of employees under Article 2.3 and the pre-emptive right of Members under Article 2.4 shall not apply in the event that new shares are issued due to the following reasons or for the following purposes:
- (a) in connection with a Merger, Spin-off, or pursuant to any reorganization of the Company;
 - (b) in connection with meeting the Company's obligations under share subscription warrants and/or options, including those rendered in Articles 2.8 and 2.11 hereof;
 - (c) in connection with the issue of Restricted Shares in accordance with Article 2.5 hereof;
 - (d) in connection with meeting the Company's obligations under convertible bonds or corporate bonds vested with rights to acquire shares;
 - (e) in connection with meeting the Company's obligations under Preferred Shares vested with rights to acquire shares;
 - (f) in connection with the issue of shares in accordance with Article 14.5; or
 - (g) in connection with Private Placement of the securities issued by the Company.
- 2.7** The Company shall not issue any unpaid shares or partly paid-up shares.
- 2.8** Notwithstanding Article 2.5 hereof, the Company may, upon approval by a majority of the Directors at a meeting attended by two-thirds or more of the total number of the Directors, adopt one or more employee incentive programmes and may issue shares or options, warrants or other similar instruments, to employees of the Company and its Subsidiaries, and for the avoidance of doubt, resolution of the Members is not required.
- 2.9** Options, warrants or other similar instruments issued in accordance with Article 2.8 above are not transferable save by inheritance.
- 2.10** Directors of the Company and its Subsidiaries shall not be eligible for Restricted Shares pursuant to Article 2.5 hereof or the incentive programmes pursuant to Article 2.8 hereof, provided that directors who are also employees of the Company or its Subsidiaries may subscribe for Restricted Shares or participate in an incentive programme in their capacity as an employee and not as a director of the Company or its Subsidiaries.
- 2.11** The Company may enter into agreements with employees of the Company and/or the employees of its Subsidiaries in relation to the incentive programme approved pursuant to Article 2.8 above, whereby employees may subscribe for, within a specific period, a specific number of the shares. The terms and conditions of such agreements shall be no less restrictive on the relevant employee than the terms specified in the applicable incentive programme.

2.12 Without prejudice to any provisions in this Article 2, where shares are issued by the Company for purposes of changing the currency denomination of share capital of the Company as approved by the members at a general meeting (the "**Redenomination**"), to the extent that the percentage of shareholding interest of the members of the Company will not be affected and the members are not required to pay for any new shares issued in connection with the Redenomination (other than out of the proceeds of any share buy back of their existing shares which are subject to the Redenomination), no further approval or consent of the Member or Members shall be required.

3. Redemption and Purchase of Shares

3.1 Subject to the Law, the Company is authorised to issue shares which are to be redeemed or are liable to be redeemed at the option of the Company or a Member.

3.2 The Company is authorised to make payments in respect of the redemption of its shares out of capital or out of any other account or fund authorised for this purpose in accordance with the Law.

3.3 The redemption price of a redeemable share, or the method of calculation thereof, shall be fixed by the Board at or before the time of issue.

3.4 Every share certificate relating to redeemable share shall indicate that the share is redeemable.

3.5 (i) Subject to the provisions of the Applicable Law and the Articles, the Company may, upon approval by a majority of the Directors at a meeting attended by two-thirds or more of the total number of the Directors, purchase its own shares (including any redeemable shares) on such terms and in such manner as the Directors may determine.

(ii) Without prejudice to Article 3.5.(i), in the case of a repurchase of shares by the Company for purposes of changing the currency denomination of share capital of the Company, consent of the holders of the shares subject to such repurchase shall not be required.

3.6 In the event that the Company proposes to purchase any share traded on the ESM or listed on the TSE pursuant to the preceding Article, the resolution of the Board approving such proposal and the implementation thereof should be reported to the Members in the next general meeting in accordance with the Applicable Public Company Rules. Such reporting obligation shall also apply even if the Company does not implement the proposal to purchase its shares traded on the ESM or listed on the TSE for any reason.

- 3.7** For so long as the shares are traded on the ESM or listed on the TSE, the Company is authorised to purchase any share traded on the ESM or listed on the TSE in accordance with the following manner of purchase:
- (a) the total price of the shares purchased by the Company shall not exceed the sum of retained earnings minus earnings distribution resolved by the Board or the general meeting, plus the following realized capital reserve:
 - (i) the premium received from the disposal of assets that has not been booked as retained earnings;
 - (ii) the premium paid on the issuance of any share and income from endowments received by the Company provided however that income from the shares shall not be included before such shares have been transferred to others;
 - (b) the maximum number of shares purchased by the Company shall not exceed ten percent of the total number of issued and outstanding shares of the Company; and
 - (c) the purchase shall be at such time, at such price and on such other terms as determined and agreed by the Board in its sole discretion provided however that:
 - (i) such purchase transactions shall be in accordance with the applicable ROC securities laws and regulations and the Applicable Public Company Rules; and
 - (ii) such purchase transactions shall be in accordance with the Law.
- 3.8** The redemption price may be paid in any manner authorised by Article 16.1.
- 3.9** A delay in payment of the redemption price shall not affect the redemption but, in the case of a delay of more than thirty days, interest shall be paid for the period from the due date until actual payment at a rate which the Directors, after due enquiry, estimate to be representative of the rates being offered by banks holding “A” licenses (as defined in the Banks and Trust Companies Act (Revised) of the Cayman Islands) in the Cayman Islands for thirty day deposits in the same currency.
- 3.10** The Directors may exercise as they think fit the powers conferred on the Company by Section 37(5) of the Law (payment out of capital) but only if and to the extent that the redemption could not otherwise be made (or not without making a fresh issue of shares for this purpose).
- 3.11** Subject as aforesaid, the Directors may determine, as they think fit all questions that may arise concerning the manner in which the redemption of the shares shall or may be effected.
- 3.12** No share may be redeemed unless it is fully paid-up.

- 3.13** Shares that the Company purchases, redeems or acquires (by way of surrender or otherwise) shall be cancelled immediately or held as treasury shares ("**Treasury Shares**") at the discretion of the Directors.
- 3.14** No dividend may be declared or paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to Members on a winding up of the Company) may be made to the Company in respect of a Treasury Share.
- 3.15** The Company shall be entered in the Register of Members as the holder of the Treasury Shares provided that:
- (a) the Company shall not be treated as a Member for any purpose and shall not exercise any right in respect of the Treasury Shares, and any purported exercise of such a right shall be void;
 - (b) a Treasury Share shall not be voted, directly or indirectly, at any meeting of the Company and shall not be counted in determining the total number of issued shares at any given time, whether for the purposes of the Articles or the Law.
- 3.16** After the Company purchases the shares traded on the ESM or listed on the TSE, any proposal to transfer the Treasury Shares to the employees of the Company and its Subsidiaries at a price below the average actual repurchase price must be approved by Special Resolution in the next general meeting and the items required by the Applicable Public Company Rules shall be specified in the notice of the general meeting and may not be proposed as an extemporary motion. The aggregate number of Treasury Shares resolved at all general meetings and transferred to the employees of the Company and its Subsidiaries shall not exceed 5% of the total issued shares, and each employee may not subscribe for more than 0.5% of the total issued shares in aggregate. The Company may prohibit such employees from transferring such Treasury Shares within a certain period; provided, however, that such a period cannot be more than two years.
- 3.17** Subject to Article 3.16 and the Applicable Public Company Rules, Treasury Shares may be disposed of by the Company on such terms and conditions as determined by the Directors.

4. Rights Attaching to Shares

Subject to Article 2.1, the Memorandum and the Articles, other contractual obligations or restrictions that the Company is bound by and any resolution of the Members to the contrary and without prejudice to any special rights conferred thereby on the holders of any other shares or class of shares, the share capital of the Company shall be divided into shares of a single class the holders of which shall, subject to the provisions of the Articles:

- (a) be entitled to one vote per share;
- (b) be entitled to such dividends as recommended by the Board and approved by the Members at general meeting;
- (c) in the event of a winding-up or dissolution of the Company, whether voluntary or involuntary or for the purpose of a reorganization or otherwise or upon any distribution of capital, be entitled to the surplus assets of the Company; and
- (d) generally be entitled to enjoy all of the rights attaching to shares.

5. Share Certificates

- 5.1** The Company may issue shares in uncertificated/scripless form or issue share certificates. Where share certificates are issued, every Member shall be entitled to a certificate issued under the Seal (or a facsimile thereof), which shall be affixed or imprinted with the authority of the Board, specifying the number and, where appropriate, the class of shares held by such Member. The Board may by resolution determine, either generally or in a particular case, that any or all signatures on certificates may be printed thereon or affixed by mechanical means. For so long as the shares are traded on the ESM or listed on the TSE, shares of the Company shall be issued in uncertificated/scripless form unless the issuance of share certificates is required by the provisions of the Applicable Public Company Rules.
- 5.2** If any share certificate shall be proved to the satisfaction of the Board to have been worn out, lost, mislaid, or destroyed the Board may cause a new certificate to be issued and request an indemnity for the lost certificate if it sees fit.
- 5.3** Share may not be issued in bearer form.
- 5.4** When the Company shall issue share certificates pursuant to Article 5.1 hereof, the Company shall deliver the share certificates to the subscribers within thirty (30) days from the date such share certificates may be issued pursuant to the Law, the Memorandum, the Articles, and the Applicable Public Company Rules, and shall make a public announcement prior to the delivery of such share certificates pursuant to the Applicable Public Company Rules.
- 5.5** Where the Company shall issue the shares in uncertificated/scripless form, the Company shall comply with the Law and the Applicable Public Company Rules to handle relevant matters, and shall deliver the shares to the subscribers by book-entry transfer through the book-entry system of the TDCC within thirty days after the Company is permitted by applicable listing laws and regulations to issue such shares and make a public announcement prior to the delivery.

6. Preferred Shares

- 6.1** The Company may by Special Resolution designate one or more classes of shares with preferred or other special rights as the Company, by Special Resolution, may determine (shares with such preferred or other special rights, the "Preferred Shares"), and cause to be set forth in the Articles.
- 6.2** For so long as the shares are traded on the ESM or listed on the TSE, the rights and obligations of Preferred Shares may include (but not limited to) the following terms and shall be consistent with the Applicable Public Company Rules:
- (a) the order of priority and fixed amount or fixed ratio of allocation of dividends and bonus on Preferred Shares;
 - (b) the order of priority and fixed amount or fixed ratio of allocation of surplus assets of the Company;
 - (c) the order of priority for or restriction on the voting right(s) (including declaring no voting rights whatsoever) of the Members holding the Preferred Shares;
 - (d) the method by which the Company is authorized or compelled to redeem the Preferred Shares, or a statement that redemption rights shall not apply; and
 - (e) other matters concerning rights and obligations incidental to Preferred Shares.

REGISTRATION OF SHARES

7. Register of Members

- (a) For so long as shares are traded on the ESM or listed on the TSE, the Board shall cause to be kept a Register of Members which may be kept outside the Cayman Islands at such place as the Directors shall appoint and which shall be maintained in accordance with the Law and the Applicable Public Company Rules.
- (b) In the event that the Company has shares that are not traded on the ESM or listed on the TSE, the Company shall also cause to be kept a register of such shares in accordance with Section 40 of the Law.

8. Registered Holder Absolute Owner

Except as required by law:

- (a) no person shall be recognised by the Company as holding any share on any trust; and
- (b) no person other than the Member shall be recognised by the Company as having any right in a share.

9. Transfer of Registered Shares

- 9.1** Title to shares traded on the ESM or listed on the TSE may be evidenced and transferred in a manner consistent with the Applicable Public Company Rules (including through the book-entry system of the TDCC).
- 9.2** All transfers of shares which are in certificated form may be effected by an instrument of transfer in writing in any usual form or in any other form which the Board may approve and shall be executed by or on behalf of the transferor and, if the Board so requires, by or on behalf of the transferee. Without prejudice to the foregoing, the Board may also resolve, either generally or in any particular case, upon request by either the transferor or transferee, to accept mechanically executed transfers. Notwithstanding the foregoing, an instrument of transfer shall not be required for a repurchase of shares by the Company for purposes of changing the currency of share capital of the Company.
- 9.3** The Board may refuse to recognise any instrument of transfer in respect of shares in certificated form unless it is accompanied by the certificate in respect of the shares to which it relates and by such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer.
- 9.4** The joint holders of any share may transfer such share to one or more of such joint holders, and the surviving holder or holders of any share previously held by them jointly with a deceased Member may transfer any such share to the executors or administrators of such deceased Member.
- 9.5** The Board may in its absolute discretion and without assigning any reason therefor refuse to register the transfer of a share in certificated form in the event such registration of transfer would (i) conflict with the Applicable Law; or (ii) conflict with the Memorandum and/or the Articles. If the Board refuses to register a transfer of any share, the Secretary shall, within three months after the date on which the transfer was lodged with the Company, send to the transferor and transferee notice of the refusal.

10. Transmission of Registered Shares

- 10.1** In the case of the death of a Member, the survivor or survivors where the deceased Member was a joint holder, and the legal personal representatives of the deceased Member where the deceased Member was a sole holder, shall be the only persons recognised by the Company as having any title to the deceased Member's interest in the shares. Nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by such deceased Member with other persons. Subject to the provisions of Section 39 of the Law, for the purpose of this Article, legal personal representative means the executor or

administrator of a deceased Member or such other person as the Board may, in its absolute discretion, decide as being properly authorised to deal with the shares of a deceased Member.

- 10.2** Any person becoming entitled to a share in consequence of the death or bankruptcy of any Member may be registered as a Member upon such evidence as the Board may deem sufficient or may elect to nominate some person to be registered as a transferee of such share.
- 10.3** On the presentation of the evidence as the Board may require to prove the title of the transferor, the transferee shall be registered as a Member. Notwithstanding the foregoing, the Board shall, in any case, have the same right to decline or suspend registration or refuse registration as stipulated in Article 9.5 as it would have had in the case of a transfer of the share by that Member before such Member's death or bankruptcy, as the case may be.
- 10.4** Where two or more persons are registered as joint holders of a share or shares, then in the event of the death of any joint holder or holders the remaining joint holder or holders shall be absolutely entitled to the said share or shares and the Company shall recognise no claim in respect of the estate of any joint holder except in the case of the last survivor of such joint holders.

11. Alteration of Capital

11.1 The Company may from time to time by Ordinary Resolution:

- (a) increase its share capital by such sum, to be divided into shares of such classes and amount, as the resolution shall prescribe;
- (b) consolidate and divide all or any of its share capital into shares of a larger amount than its existing shares;
- (c) convert all or any of its paid up shares into stock and reconvert that stock into paid up shares of any denomination;
- (d) sub-divide its existing shares, or any of them into shares of a smaller amount provided that in the subdivision the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in case of the share from which the reduced share is derived and may by such resolution determine that, as between the holders of the shares resulting from such sub-division, one or more of the shares may have any such preferred, deferred or other rights or be subject to any such restrictions as compared with the other or others as the Company has power to attach to unissued or new shares; or

- (e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

11.2 The Board may settle as it considers expedient any difficulty which arises in relation to any consolidation and division under the last preceding Article and in particular but without prejudice to the generality of the foregoing may issue certificates in respect of fractions of shares or arrange for the sale of the shares representing fractions and the distribution of the new proceeds of sale (after deduction of the expenses of such sale) in due proportion amongst the Members who would have been entitled to the fractions, and for this purpose the Board may authorise some person to transfer the shares representing fractions to their purchaser or resolve that such net proceeds be paid to the Company for the Company's benefit. Such purchaser will not be bound to see to the application of the purchase money nor will his title to the shares be affected by any irregularity or invalidity in the proceedings relating to the sale.

SPECIAL RESOLUTION AND SUPERMAJORITY RESOLUTION

12. Special Resolution and Supermajority Resolution

12.1 Subject to the Law and the Articles, the Company may from time to time by Special Resolution:

- (a) change its name;
- (b) alter or add to the Articles;
- (c) alter or add to the Memorandum with respect to any objects, powers or other matters specified therein;
- (d) reduce its share capital and any capital redemption reserve fund; or
- (e) issue securities by way of Private Placement within the territory of the ROC in accordance with the Applicable Public Company Rules.

12.2 Notwithstanding Article 12.1(e) hereof, the ordinary corporate bonds to be issued through Private Placement by the Company in accordance with the Articles and the Applicable Public Company Rules may be offered in different tranches within one year of the date of the meeting of the Directors approving such Private Placement.

12.3 Subject to the Law and Article 12.4, the following actions by the Company shall require the approval of the Members by a Supermajority Resolution:

- (a) effecting any capitalization of distributable dividends and/or bonuses and/or any other amount prescribed under Article 17 hereof;

- (b) effecting any Merger (except for any Merger which falls within the definition of "merger" and/or "consolidation" under the Law, which requires the approval of the Company by Special Resolution only), Share Swap, or Spin-off of the Company;
- (c) entering into, amend, or terminate any Lease Contract, Management Contract or Joint Operation Contract;
- (d) the transferring of the whole or any essential part of the business or assets of the Company;
- (e) acquiring or assuming the whole business or assets of another person, which has a material effect on the Company's operation; or
- (f) issuing employee stock options at an issue price lower than the closing price of the shares on the issue date provided that in no event shall the issue price be lower than the par value per share.

12.4 Subject to the Law, the Company may be wound up voluntarily:

- (a) if the Company resolves by Ordinary Resolution that it be wound up voluntarily because the Company is unable to pay its debts as they fall due; or
- (b) if the Company resolves by Special Resolution that it be wound up voluntarily for reasons other than set out in Article 12.4(a) above.

13. Variation of Rights Attaching to Shares

If, at any time, the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not the Company is being wound-up, be varied with the sanction of a Special Resolution passed at a general meeting of the holders of the shares of the class. Notwithstanding the foregoing, if any modification or alteration in the Articles is prejudicial to the preferential rights of any class of shares, such modification or alteration shall be adopted by a Special Resolution and shall also be adopted by a Special Resolution passed at a separate meeting of Members of that class of shares. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith. To any such meeting all the provisions of the Articles relating to general meetings shall apply *mutatis mutandis*.

DIVIDENDS AND CAPITALISATION

14. Dividends

- 14.1** The Board may, subject to approval by the Members by way of Ordinary Resolution or, in the case of Article 12.3(a), Supermajority Resolution and subject to the Articles and any direction of the Company in general meeting, declare a dividend to be paid to the Members in proportion to the number of shares held by them, and such dividend may be paid in cash, shares or, subject to Article 14.2, wholly or partly in specie. No unpaid dividend shall bear interest as against the Company.
- 14.2** Subject to the provisions of Article 14.1, the Directors may determine that a dividend shall be paid wholly or partly by the distribution of specific assets (which may consist of the shares or securities of any other company) and may settle all questions concerning such distribution, subject, however to obtaining the prior consent of any shareholder to whom it is proposed to make a distribution in specie and a valuation of the assets for distribution from an ROC certified public accountant, prior to the Directors fixing the value of the assets for distribution. The Directors may make cash payments to some Members on the footing of the value so fixed in order to adjust the rights of Members. Without limiting the foregoing generality, the Directors may vest any such specific assets in trustees on such terms as the Directors think fit and may issue fractional shares.
- 14.3** Subject to the Applicable Law, no dividends or other distribution shall be paid except out of profits of the Company, realised or unrealised, out of share premium account or any reserve, fund or account as otherwise permitted by the Law. Except as otherwise provided by the rights attached to any shares, all dividends and other distributions shall be paid according to the number of the shares that a Member holds. If any share is issued on terms providing that it shall rank for dividend as from a particular date, that share shall rank for dividends accordingly.
- 14.4** Subject to the Law and this Article and except as otherwise provided by the rights attached to any shares, the Company may distribute profits in accordance with a proposal for profits distribution approved by the Board and sanctioned by the Members by an Ordinary Resolution, in annual general meetings.
- 14.5** Unless otherwise provided in the Law, the Applicable Public Company Rules or the Articles, upon the final settlement of the Company's annual accounts, if there is "surplus profit" (as defined below), the Company shall set aside an amount as compensation to employees and remuneration for the Directors as follows; provided however that, if the Company has accumulated losses, the Company shall reserve an amount thereof first to making up such losses:

- (a) one per cent (1%) to ten per cent (10%) as compensation to employees ("**Employees' Compensations**"), including employees of the Company's Subsidiaries; and
- (b) no more than three per cent (3%) as remuneration for the Directors (excluding the Independent Directors) ("**Directors' Remuneration**").

The distribution proposals in respect of Employees' Compensation and Directors' Remuneration shall be approved by a majority of the Directors at a meeting attended by two-thirds or more of the total number of the Directors and submitted to the shareholders' meeting for report. However, if the Company has accumulated losses, the Company shall reserve an amount thereof for making up the losses before proceeding with the abovementioned distributions and allocation. The "surplus profit" referred to above means the net profit before tax and for the avoidance of doubt, such amount is before any payment of compensation to employees and remuneration for the Directors.

Subject to the Applicable Law, the Employees' Compensations shall be appropriated in the form of cash or stock.

For so long as the shares are traded on the ESM or listed on the TSE, if there are profits, in making the profits distribution recommendation, the Board shall set aside out of the profits of the Company for each financial year: (i) a reserve for payment of tax for the relevant financial year; (ii) an amount to offset losses incurred in previous years; (iii) ten per cent (10%) as reserve ("**Statutory Reserve**") (unless the Statutory Reserve has reached the total paid-up capital of the Company); and (iv) a special surplus reserve as required by the applicable securities authority under the Applicable Public Company Rules.

In the event that the Company sets aside a special surplus reserve as required by the applicable securities authority under the Applicable Public Company Rules, for the Company's accumulated deductions on other equity interests booked in previous years and net increase in the fair value of investment property held by the Company, the Company shall set aside a special surplus reserve in an amount equal to the net amount of such accumulated deductions and increase in fair value from undistributed profits in previous years; if the amount of the special surplus reserve required to be set aside is greater than that of the undistributed profits, the shortfall shall be covered by the net profit after tax of the current financial year plus items other than such net profit after tax classified as undistributed profits of the current financial year.

The dividend policy of the Company depends on the Company's current and future investment environment, capital needs, industry competition and capital budgeting, and takes into account the Members' interests and the Company's long-term financial plans. The dividend distribution shall not be less than twenty-five per cent (25%) of the current distributable profits (the "**Base Distributable Profits**") in principle, and such dividends shall be distributed to the Members in proportion to their shareholdings. Dividends to be distributed to the Members may be made in the form of cash dividend or stock dividend or a combination thereof, provided that, the cash dividend shall not be less than ten per cent (10%) of the total amount of dividend payable. However, (i) if the Board deems that it would be more appropriate to adopt a conservative dividend policy after considering the aforementioned factors, the dividend distribution shall not be less than fifty per cent (50%) of the Base Distributable Profits, and the cash dividend shall not be less than ten per cent (10%) of the total amount of dividend payable; and (ii) if the current distributable profits are less than five per cent (5%) of the paid-in capital of the Company, the Board may resolve not to distribute any dividends and submit such proposal to the Members for their approval in the general meetings.

The term "current distributable profits" referred to in the preceding paragraph means the remaining profits of the relevant financial year after payment of tax, offsetting losses incurred in previous years, setting aside the Statutory Reserve, and setting aside the special surplus reserve in accordance with the fourth and fifth paragraphs of this Article 14.5, excluding undistributed profits in previous years.

The Company may, upon approval by a majority of the Directors at a meeting attended by two-thirds or more of the total number of the Directors, distribute dividends, bonuses or other distribution from the Capital Reserve and Statutory Reserve payable, in part or in whole, in cash and report the same to the Members at the general meetings.

- 14.6** The Board shall fix any date as the record date for determining the Members entitled to receive any dividend or other distribution.
- 14.7** For the purpose of determining Members entitled to receive payment of any dividend or other distributions, the Directors may provide that the Register of Members be closed for transfers for five (5) days before the relevant record date or such other period consistent with the Applicable Public Company Rules subject to compliance with the Law.

15. Capital Reserve and Power to Set Aside Profits

- 15.1** The Board may, before declaring a dividend, set aside out of the surplus or profits of the Company, such sum as it thinks proper as a reserve to be used to meet contingencies or for meeting the deficiencies for implementing dividend distribution plans or for any other purpose to which those funds may be properly applied. Pending application, such sums may be in the absolute discretion of the Directors either be employed in the business of the Company or invested in such investment as Directors may from time to time think fit, and need not be kept separate from other assets of the Company. The Directors may also, without placing the same to reserve, carry forward any profit which they decide not to distribute.
- 15.2** Subject to any direction from the Company in general meeting, the Directors may on behalf of the Company exercise all the powers and options conferred on the Company by the Law in regard to the Capital Reserve. Subject to Article 23.2 and compliance with the Law, the Directors may on behalf of the Company set off accumulated losses against credits standing in the Statutory Reserve and Capital Reserve, and make distributions out of the Capital Reserve.

16. Method of Payment

- 16.1** Any dividend, interest, or other monies payable in cash in respect of the shares may be paid by wire transfer to the Member's designated account or by cheque or draft sent through the post directed to the Member at such Member's address in the Register of Members, or to such person and to such address as the holder may in writing direct.
- 16.2** In the case of joint holders of shares, any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or draft sent through the post directed to the address of the holder first named in the Register of Members, or to such person and to such address as the holder may in writing direct. If two or more persons are registered as joint holders of any shares any one can give an effectual receipt for any dividend paid in respect of such shares.

17. Capitalisation
